

Meet the everyday classic preserver

With ProSense® Technology in the AEG 6000 series top-loader washing machine, every load is weighed to tailor the cycle. Adjusting to the minimum time necessary for a thorough clean. Keeping clothes looking their best and optimizing space with a compact design.

Product Benefits & Features

Caring for clothes. Saving water and energy

With ProSense® Technology, every load is weighed to tailor the cycle - adjusting to the minimum time necessary for a complete clean. Reducing wear and protecting the colours of your classics.

Enjoy the feeling of softer clothes

The SoftPlus option makes sure that softener reaches every part of the fabric when it enters the drum, it helps your clothes feel softer, silkier, and smoother than ever before, while protecting fibres and prolonging the life of every garment.

ENERGY EFFICIENT WASHING IN THE QUICKEST TIME POSSIBLE

Many Eco programmes save you energy. The Eco TimeSave also saves you time. The programme allows you to select ECO and TimeSave options together, giving you an energy efficient washing machine that's as quick as possible.

Opens gently, works effectively

This top-loading washing machine has a carefully designed Soft-Opening System, so that you can access the interior safely – and with just one hand.

Precision liquid detergent dosing with Liquidose

Experience excellent liquid detergent dosing with Liquidose. It delivers detergent to the drum of the washing machine at exactly the right time. For optimum laundry results. Clothes emerge fresh and clean, every time.
