## The best DEEBOT just got better

The most independent robotic vacuum cleaner with built-in air freshener and auto-empty station.

Live Smart. Enjoy Life.

# DEEBOT T9+

The DEEBOT T9+ is the next step in the evolution of smart robots with vacuum cleaner and mopping technology. Equipped with TrueDetect 3D 2.0 and TrueMapping 2.0, this premium robot is capable of avoiding objects and navigating through the environment with outstanding precision. Meanwhile, thanks to the OZMO™ Pro technology, the DEEBOT T9+ sweeps, mops and vacuums with double the suction power compared to previous models (up to 3.000 Pa). Be it carpet or hardwood, pet hair or plain dust, your floor will be clean. Once your house is clean, enjoy the fresh scent! Making use of an industry-first built-in air freshener, the DEEBOT T9+ keeps your house smelling fresh long after a round of cleaning, removing pet odor and other musty smells in the process. Also included in the package contents of the DEEBOT T9+ is an auto-empty station that empties your robotic vacuum cleaner by itself and saves you the job of having to empty the dust container for up to 30 days.

## KEY TECHNOLOGIES & PRODUCT BENEFITS

### Optimal solution for precision cleaning and protection

Next-gen technology allows the DEEBOT T9+ to clean every corner. Thanks to the newly updated TrueDetect 3D 2.0 it can better detect obstacles and avoid collisions in real time with higher-than-ever precision. Furthermore, the improved TrueMapping 2.0 ensures it understands the environment's layout and navigates smoothly through it regardless of lighting conditions.

### A precise 3D mapping technology that reaches every corner of your home

Control and customize your cleaning from anywhere on the newly designed ECOVACS HOME App. Enjoy a smarter and more personalized experience with the three-dimensional map that captures a real-life view of your home. Switch seamlessly between 2D and 3D house map views to identify the best cleaning route possible.

### A luxurious cleaning experience, making your home smell amazing

Besides removing pet hair, the DEEBOT T9+ can also remove pet odor. With an industry-first built-in Air Freshener, the DEEBOT T9+ keeps your house smelling fresh long after a round of cleaning. You can also opt to switch off the Air Freshener entirely. It's up to you.

### Empties the dust container automatically

For a stress-free home cleaning experience, the DEEBOT T9+ is combined with an auto-empty station included in the package. It comes with a disposable dust bag with 2.5L capacity and a natural (and environment-friendly) paper handle. You can control the station via the ECOVACS Home app. The auto empty-station is also compatible with DEEBOT OZMO T8 and DEEBOT N8 series.

## Specification

Name	DEEBOT T9+
Noise level	ca. 67 dB
Charing time	ca. 6,5 hr.
Battery	Li-ion, 5200 mAh
Working time	ca. 175 Min.
Dust bin size	420 ml
Watertank capacity	180 ml
Doorsill crossing (with mopping plate)	ca. 2.0 cm (1.3 cm)
Weight (net)	3,5 kg + 4,3 kg (Auto-empty station)
Dimension of the robot	353 x 353 x 93 mm
Product packaging weight	12,4 kg (incl. auto-empty station)
Product packaging dimension	462 x 383 x 463 mm
Packing weight (1 in 1)	13,4 kg (incl. auto-empty station)
Packing dimension (1 in 1)	478 x 395 x 483 mm
EAN EU	6943757600724

Add: Only works with 2.4 GHz Wi-Fi and does not support the 5 GHz-frequency band
