

Coffee grinder P.A.G.

Designed for freshly ground coffee at the touch of a button

At just the touch of a button, the premium coffee grinder with Professional Aroma Grinder (P.A.G.) from JURA guarantees an exact amount of freshly ground coffee every time. The grinder, a key feature of state-of-the-art coffee machines today, caters to all requirements. Seven levels are used to adjust the grinding fineness individually, meaning this high-quality coffee grinder is an absolute must for creating aromatic specialities from freshly ground coffee. It also ideally complements the ONO.

Current	10 A
Weight	approx. 1.6 kg
Dimensions (W×H×D)	14.4 × 24.9 × 19.6 cm
Article number/Product code	25048/Black (EA)

Professional Aroma Grinder

The Professional Aroma Grinder (P.A.G.) uses the same technology as the automatic coffee machines. Boasting perfected grinder geometry, an optimum grinding curve is achieved. This guarantees maximum aroma, a consistently high grind quality and thus a perfect unfolding of flavours over the entire service life of the grinder.

All it takes is the touch of a button

It couldn't be any simpler to use: just press the ergonomically shaped button and the grinder starts to work with precision. It stops when the button is released. A practical measuring glass keeps the grind quantity in full view at all times.

Seven adjustable grind levels

Whether finely ground for a fiery espresso or slightly coarser for an aromatic lungo, the P.A.G. delivers every time. There are seven levels of fineness to choose from, each of which ensures your chosen speciality is perfectly prepared.

Compact design

The P.A.G. boasts state-of-the-art technology and yet takes up minimum space. You'll easily find a spot for it anywhere. With its clean design, top-quality materials and precise workmanship, it can be seamlessly integrated with other JURA products.
