

S5305 – Rose Shimmer Straightener

Product Summary:

Get your shine on with the Remington Rose Shimmer Straightener. With its distinctive dusty pink colour scheme and eye-catching shimmer detail, it's packed with all the features you need for smoother, sleeker looking hair. Ready to use in just 15 seconds, its curved design and slim plates make straightening or curling a piece of cake. Finer hair tends to respond well to lower temperature settings, while thicker coarser hair may need a bit more heat to smooth out any kinks. A variable temperature setting from 150-230°C puts you in control, making it easy for you to find the right level of heat for your hair type. Are you ready to 'shimmer'?

Paper Summary:

The gorgeous Remington Rose Shimmer straightener has all the features you need for sleeker looking, smoother feeling hair. With fast 15 second heat up, longer, slimmer plates with advanced ceramic coating that glides through hair and a choice of temperature settings, you can be ready to face the world even faster.

Key Feature 1: Slim design with 2x smoother* advanced ceramic coating

Do you want to achieve effortlessly beautiful results? The Remington Rose Shimmer Straightener has 2x smoother* advanced ceramic coating for even heat distribution from plate to hair surface for a smoother glide through all hair types.

Key Feature 2: Digital high heat with 5 settings from 150-230°C

Variable temperature settings from 150-230°C put you in control and help you to find the right level for your hair type and style.

Key Feature 3: Fast 15 second heat up

Why wait? With fast heat up your straightener is ready to use in just 15 seconds.

Standard Feature: Curved housing design

The stylish curved housing is perfect for helping to create gentle curls as well as straight hairstyles.

Standard Feature: Extra-long 110mm plates

Longer plates can capture more hair in a single pass for faster straightening, so you can be ready to go in no time.

Standard Feature: Floating plate

Floating plates ensure even pressure is applied on every hair whilst styling so the result is consistent, with no kinks or 'missed bits'.

Standard Feature: Turbo boost function

Easily access the highest temperature on your straightener with the push of a button.

Standard Feature: Plate lock

The handy plate lock feature keeps the plates closed together for convenient storage.

Standard Feature: Worldwide voltage

Kommenterad [E11]: @Skelton, Grace is this correct?

Kommenterad [E12]: @Pope, Ailish please check this is 2 plates or 1 plate

Kommenterad [E13]: @Pope, Ailish can you check this/ confirm what is this on a straightener why would it lock in your look

Kommenterad [PA4R3]: Increases the heat rather than stepping up through each heat temp
