

SAN DIEGO

TOO GREAT TO BE SMALL.

The SAN DIEGO series BBQs are real BBQ marvels. They offer spacious preparation and storage areas, but take up very little space. Perfect for small terraces, mini balconies or hot dates. Their sturdy frames come with a large shelf for plates and food and two additional shelves on the sides to store spices and sauces. A stainless steel warming grate opens and closes with the lid. And as it is made of durable stainless steel, it's easy to clean when you're done cooking up a storm. And speaking of clean: the spotless matt-black design of the stainless steel burner gas grill blends smoothly into any environment.
