- CONVENIENT, LOW MAINTENANCE, GAS-POWERED COOKING
- IDEAL FOR YEAR-ROUND USE OUTDOORS; PROTECT WITH OONI KODA 2 MAX COVER WHEN NOT IN USE
- COMPATIBLE WITH OONI COOKWARE PRODUCTS

Supersized 24" cooking area

Feed the family with nonstop multi-pizza cooking, or bake giant 20" pizzas to serve up slices for all.

Side-by-side, dual-zone cooking

Two independent temperature zones offer ultimate versatility in terms of what and how you can cook.

Ooni G2 Gas Technology™

Unique tapered flames and dual burners deliver incredibly even heat across the pizza stone, eliminating hotspots and cold pockets.

Ooni Connect™ Digital Temperature Hub

Syncs to the Ooni app for remote monitoring so you know exactly when to launch pizzas or remove roasting meats. Includes two food probes for cooking a variety of meat, fish, veggies and more.

Extra-thick 20mm (¾") cordierite baking stone

Thickest stone yet stays hotter for longer, reducing recharge time between pizzas for back-to-back cooking.

Auto-sparking instant gas ignition

Two dials make for precise temperature control and easy, one-touch lighting.

Cast aluminum nose and rear fascia

Full-width front and rear aluminum castings make for robust construction and an attractive, high-quality finish.

Glass visor

Removable, 6mm (¼") thick protective glass shield gives you a dramatic view inside the oven while keeping the heat where it belongs.
