

nutribullet®

Flex Portable Blender

**Great blend,
no limits.**
Designed for life on the go.

PRODUCT FEATURES

High Capacity.

A 20oz blending cup pushes past what is possible in portable blending.

Detachable Blades.

A modular and dish washer safe blade blocks block allows for easy cleaning.

Battery Indication.

A 4-tier LED battery indicator allows for at-a-glance knowing how much more use you have before charging is needed.

Portable Performance.

The ability to crush ice and blend frozen ingredients comes standard with this compact and portable blender.

Carry Loop Lid.

A leakproof sip lid features a comfortable carry loop to maximize portability.

Sleek & Simple Design.

Subtle waves, sleek color options, and thoughtful design come together to offer a functional yet fashionable blending device.
