

Smart cooling that adapts to you. Frost-free freezer

The 700 No Frost AI CoolAssist Fridge-Freezer adapts to your daily routine, whether you're adding fresh groceries or leaving on holiday. No Frost prevents ice build-up, so you don't have to defrost.

Product Benefits & Features
AI CoolAssist® – smart cooling that adapts to your routine

AI CoolAssist® intuitively adapts fridge settings to your daily routine - whether adding groceries or leaving for vacation. AI CoolAssist® learns your habits to optimise cooling temperature, functions and saves up to 10% energy consumption*

TwinTech® No Frost - food kept hydrated and juicy

TwinTech® No Frost has an advanced dual cooling system for the fridge and freezer. This technology ensures the freezer stays frost-free and the fridge humidity optimal, preventing the food from drying out.

*Tested on 1780 CB Multichill and 1780 CB Twintech Nofrost, comparing energy consumption at 25°C with AI CoolAssist® enabled Auto Vacation Mode versus factory default settings with AI CoolAssist® off. Actual energy saving may vary, depending on environmental temperatures and usage patterns.

Cooling every corner. Full flavour in every bite

All-around air circulation flows cold air in every corner, through efficient air vents. Available in metal, glass, or plastic, Cooling 360° protects ingredients from freezing against the back wall, keeping your food fresh.*

Delicate ingredients protected, with the ExtraChill drawer

Protect the quality, taste and freshness of cold cuts and cheese in the ExtraChill drawer. The drawer maintains a lower temperature than the rest of the fridge, with an active circulation of cold air.

The Cooling 360° design and materials may vary by market and could include metal, glass, or plastic. Product specifications and materials may vary by region. Please check with your local retailer for more details.

A game changer – unique fridge-freezer with recycled plastic

We're proudly introducing our unique fridge-freezer with an inner lining made of 70% recycled plastic. Plastic from discarded fridges is used to make new ones, helping reduce waste through circularity.

- For fully integrated, slide door installation
- Automatic defrosting of the cooling compartment
- Action Freeze function freezes food fast and preserves flavour and vitamins
- Audible and visible warning signal for open door
- Special refrigerator drawers: Metallic Grey

Inner liner rHIPS made with up to 70% recycled plastic representing 13% of total fridge plastic

Product Specification

Brand	Electrolux	Fast freeze function	Touch Button Auto Return
Door colour	White	Fast freeze indicator control	Display
Side Colour	White	Refrig. Shelves Trims	Metallic Grey
Installation	BI Slide Door	Shelves Refrig, special	None
Nordic_Cold_NoFrost	FrostFree	Freezer Drawers, n° of	3 Full Width
SE_FridgeF_TwinTech	Yes	Bottle shelves	1 Full Width Transparent
Dimensions HxWxD in mm	1772x546x549	Lamps fridge	Luna – 1 Top
Energy efficiency class (EEC) (E20)	E	BI dimensions HxWxD in mm	1780x560x550
Nordic_FF_E20Capacity	186/62	Drawers Freezer, type of	Transparent Plast
Annual energy consumption (EL), [kWh/y]	217	Door hinges	Right & Reversible
Nordic_Cold_DynamicCooling	MultiFlow	Feet/Wheels	None
Compressors	1	Cord length, m	2.4
Type of defrosting freezer	Auto	Connected load, W	120
Type of defrosting refrigerator	Auto	Net weight, kg	60
Rising time, h	10	Product Number Code	925 555 046
Freeze capacity (1 digit), kg/24h	5	Bar code	7333394133577
Min. ambient temp, °C	10	Product Class	Fridge_Freezer
Climate class E20	SN-N-ST		
Noise, dB(A) E20	37		
Noise Class	C		
Door open indicator	Display, Sound On Fridge & Freezer, Sound With Switch Off Function		
High temp indicator control	Display;Sound With Switch Off Function
