

Product Summary

The Russell Hobbs Steam Genie VacuSteam gets the job done with ease, and with time to spare. One sweep is all it takes to vanquish creases from even the most crumpled garments thanks to the ultimate combination of suction and steam power with VacuSteam Technology. Fabric is gently held against the heated ceramic press plate to maximise the effect of the heat and steam with just one pass, leaving you enough time for a coffee before work in the morning. With three steam and suction settings to choose from, freshening up a long-forgotten winter jacket or straightening out your favourite shirt is quick and easy. 1400W powers the 24g steam output, taking only 40 seconds to heat up and giving you a full 7 minutes' steam time. With a 200ml water tank, cleaning brush, automatic shut-off and 3m cord, you're all set for success.

Paper Summary

The Russell Hobbs Steam Genie VacuSteam is quick and easy to use, allowing you to breeze over your fabrics for a flawless, crease-free finish in just one pass. Steam and suction VacuSteam Technology joins forces with the heated ceramic press plate and 3 settings to press and freshen up your garments, with 1400W and the 24g steam output. It takes just 40 seconds to heat up and gives you 7 minutes of steam from its 200ml water tank, ensuring you look pristine with time to spare.

Product features

Unique and powerful VacuSteam Technology

A combination of supercharged steam and suction to keep your garment pressed against the ceramic press plate removes stubborn creases in a single sweep.

3 steam and suction settings

Get the most out of your Steam Genie VacuSteam with a choice of 3 settings to suit any fabric: 1) steam only, 2) high steam and suction, and 3) low steam and suction.

Standard features

24g steam output with 1400W

With 1400W and 24g steam output for 7 whole minutes, it's no wonder creases don't stand a chance.

Ceramic heated press plate

The ceramic heated press plate gives a fresh, smooth finish to your fabrics with just one pass, providing smooth, wrinkle-free results in minutes.

Heats up in 40 seconds

The VacuSteam takes just 40 seconds to heat up and gives you 7 minutes of steam from its 200ml water tank, meaning you'll be ready and out the door in no time.

Good-sized, removable water tank

The water tank is easy to remove and refill, but with 200ml capacity, there's a lot of steam power to use up first.

Automatic shut-off safety feature

For those moments when you rush out of the door and forget whether you've turned the steamer off, we've got you. If it's not used for 10 minutes, it automatically shuts off.

Cleaning brush

Because we know you'll love your VacuSteam, you'll be steaming everything in sight, so we've included a cleaning brush to remove any fluff that the lint catcher picks up along the way.

Lengthy cord for easy reach

With its 3m cord, you can steam more than just clothing—even those floor-to-ceiling lounge curtains are within reach.

Feature and benefits table

Feature	Benefit
Unique and powerful VacuSteam Technology	The steam, suction and heat work together to ensure your garments are crease-free after just one sweep.
3 steam and suction settings	With options for steam only, high suction with steam, or low suction with steam, you'll quickly get a sense of which setting works best for each of your fabrics. Just flick through the settings at your own convenience.
24g steam output with 1400W	With 7 whole minutes of steam (from 1400W power and 24g of steam output), you'll have more than enough time to turn your crumpled laundry into perfectly smooth, ready-to-wear garments.
Heated ceramic press plate	The ceramic press plate heats up in no time and works efficiently, even on tough denim creases.
Heats up in 40 seconds	The VacuSteam heats up in just 40 seconds, giving you plenty of time to smooth out your favourite outfit before the doorbell rings.
Good-sized, removable water tank	The easy-to-use VacuSteam is built with maximum convenience in mind, including the 200ml removable water tank for easy refilling.
Automatic shut-off safety feature	If you've rushed out without checking you've turned your VacuSteam off, don't worry, there's an auto shut-off feature after 10 minutes of disuse.

Cleaning brush	We've included a cleaning brush so you can easily remove fluff and lint caught in the filter to keep it in its best condition after being used so much.
Lengthy cord for easy reach	With a 3m cord, you can reach the longest trouser legs or the top of the curtain pelmets.
