

Product Summary

Give your clothes and fabric furnishings a new lease of life with the Russell Hobbs Revive Fabric Shaver. Carefully and quickly removing bobbles and fluff from well-worn garments, this high-performance clothing care device restores your favourite fabrics to their former glory, allowing you to shave fabrics for up to 90 minutes without recharging. It's cordless for your convenience and, because it's rechargeable via the USB-C charging cable provided, you won't need to stock up on batteries. The compact and lightweight design makes it ideal for use around the home or on your travels. The bobbles and fuzz are neatly stored in the magnetic chamber, which is easy to clean out with the help of the brush, so you're good to go again and again.

Paper Summary

A well-worn jumper or preloved sofa can be gently restored to its former glory thanks to the transformational power of the Russell Hobbs Revive Fabric Shaver. This cordless, rechargeable handheld device is lightweight and compact too, making it a go-to gadget when you're at home or away. When the magnetically sealed compartment is full of fluff, empty it out and give it a quick clean with the brush provided, so it's ready for next time.

Product features

Fast and effective fuzz removal

This gentle but powerful bobble and pill remover can shave your fabrics for up to 90 minutes without needing to be recharged, making your fabrics look like new in a flash.

Cordless and rechargeable

Cordless for added mobility and effortless handling, and fully rechargeable thanks to the USB-C cable provided.

Compact, lightweight design

It's designed to be light and compact so you can use it anywhere with ease.

Easy to empty magnetic compartment

The fluff is gathered in the large collection chamber, magnetically sealed for your convenience. Simply pull the compartment open, then empty and clean round with the brush provided.

Travel lock

There's no chance of it accidentally turning on while in storage or in your suitcase thanks to the simple travel lock feature.

Feature and benefits table

Feature	Benefit
Fast and effective fuzz removal	You'll be amazed how much smarter your knitwear looks after just a few moments of using this device.
Cordless and rechargeable	You can effortlessly primp up fabrics anywhere around your home with this shaver, thanks to the handy cordless design. And there's no need to scabble around for batteries after use – just plug it in for a top-up using the USB-C cable provided.
Compact, lightweight design	The compact and lightweight design means you can restore multiple garments to their former glory while barely lifting a finger.
Easy to empty magnetic compartment	Emptying the shaver is so fast and simple with the magnetically sealed chamber. Just tip out the fuzz, give it a quick brush round, click the compartment back into place and you're good to go.
Travel lock	The travel lock ensures it can't switch on accidentally in your suitcase or cupboard, preventing your batteries from running down.
