

## 26750(70) Brontë Kettle Matte Black – **Where Style Meets Functionality**

### **Product Summary**

With its fluted matte black and chrome-accented exterior, the Russell Hobbs Brontë Kettle Matte Black is a stylish focal point for any worktop. The elegant internal illumination brings another touch of class to this eye-catching design. And it doesn't just look the business – it's reliable and practical, too. A perfect pour spout ensures a clean, direct flow with no messy drips. The push-to-open lid makes refilling a breeze and it's easy to settle back on its 360° base from any angle, whether you're left- or right-handed. Cord storage in the base helps to keep the kitchen tidy, too.

### **Paper Summary**

The Russell Hobbs Brontë Kettle Matte Black is designed to stand out while you settle in for a cuppa. Stylish design, chrome accents, and its stunning interior illumination come together to make this kettle a focal point for your kitchen. With a perfect pour spout, push-to-open lid and 360° base with cord storage, this kettle will serve you well.

### Product features

#### **Distinctive design**

The matte black fluted body and shining chrome trims add a wow factor to any kitchen.

#### **Internal illumination**

Switch the kettle on to illuminate the interior with an elegant glow, beautifully complimenting the matte black outer to add that extra bit of dazzle.

#### **Perfect pour**

Pour water smoothly from kettle to cup with no spills and no mess.

#### **Push-to-open lid**

One press opens the lid for fuss-free access when refilling.

#### **360° base with cord storage**

Return the kettle to base from any angle for fast and easy use and tuck the cord away when not in use.

Feature and benefits table

<b>Feature</b>	<b>Benefit</b>
<b>Distinctive design</b>	There aren't many kettles that will make heads turn, but this is one of them!
<b>Internal illumination</b>	When the interior light turns off after boiling, it's easy to see from anywhere in the room that it's time to reach for the teabags.
<b>Perfect pour</b>	No drips, spills or splashes for safer, mess-free pouring when filling your cup, teapot, bottle or pan.
<b>Push-to-open lid</b>	Your next mug of coffee is only moments away - with one push on the lid, you're ready to refill in a flash.
<b>360° base with cord storage</b>	Being able to return your kettle to its stand from any direction and stow the cord away in the base makes it super easy to use and keep things tidy.
