

28630 Powersteam Ultra Pro Iron – **Powerful Steam, Effortless Results**

Product Summary

When you want top class performance, the Russell Hobbs Powersteam Ultra Pro Iron is nothing short of elite. The quartz-infused ceramic soleplate offers an 80% smoother glide and three times more durable surface*. And with a whopping 210g steam burst, even the deepest creases stand no chance. The self-clean and anti-calc function will help your iron to stay clean from limescale build-up and soleplate calcification. You can use the vertical steam output to straighten out hanging items and if you accidentally leave it on unattended, the auto shut-off kicks in. With 70g of steam from the 350ml water tank and only 30 seconds until it's up to heat, it's ready to tackle any crease. There's a variable steam output control, anti-drip feature, water spray, 3m cord and 3100W power on your side.

Paper Summary

There's a lot to love about the Russell Hobbs Powersteam Ultra Pro Iron, not least the quartz-infused ceramic soleplate and 210g steam burst to banish even the toughest creases. And with the help of the anti-calc and self-clean functions, it'll stay on top form, too. The vertical steam output is great for handling hanging garments, and power automatically switches off when not in use.

Product features

Quartz-infused ceramic soleplate

Tackling the ironing pile has never been easier, thanks to the soleplate's infusion of quartz giving an extra 80% smoother and more impressive glide and making the ceramic soleplate three times more durable*.

Powerful steam burst

One push on the steam burst button injects a huge 210g boost into your clothing to banish the deepest creases, even in denim!

Self-cleaning and anti-calc function

Keeping your iron clean is easy with the self-clean and anti-calc function to help prevent limescale build-up in the tank and calcification on the soleplate.

Vertical steaming

The vertical steam output can be used to freshen up and straighten out hanging items and curtains around the home.

Auto shut-off

When not in use or accidentally knocked over, the power will switch off thanks to the auto shut-off feature.

Standard features

Variable steam output

The steam output is an impressive 70g and can be adjusted for each garment with the variable steam control. And a sizeable tank holding 350ml of water will power you through the ironing pile.

30 sec heat-up time

With only 30 seconds from cold to full temperature, there's no waiting around for this one.

Anti-drip

Rest assured there won't be any unwanted watermarks thanks to the anti-drip feature.

Water spray

Fire the water spray at any deep creases in denim and other thick fabrics for an extra helping hand against crumples.

3m cord

The 3m length cord will help you reach the full length of the ironing board from any nearby socket and let you steam the very tops of the curtains with ease.

3100W

There's an impressive 3100W powering all these high-end features.

Feature and benefits table

Feature	Benefit
Quartz-infused ceramic soleplate	The most elite soleplate is at your service! It's super durable, non-stick and oh so effective, leaving you gliding through the creases.
Powerful steam burst	For an extra shot of steam, release 210g in one powerful burst and bid those creases farewell.
Self-cleaning and anti-calc function	It's not only a high-performance iron, it's a low maintenance one too, thanks to the self-clean and anti-calc function. Best of both worlds.
Vertical steaming	You can steam hanging items around the home thanks to the vertical steam function.
Auto shut-off	It shuts off automatically after 30 secs when lying flat or after 8 mins when left upright, so don't worry if you accidentally leave it unused for a moment.

Variable steam output	You can quickly adjust the steam output for each item with the easy slide control to treat all fabrics with the care they need.
30 sec heat-up time	It takes just 30 seconds to reach the temperature, so it's ready when you are.
Anti-drip	With all this steam power, you'll be relieved to know there's an anti-drip feature to stop water dropping where it shouldn't be.
Water spray	A direct hit from a jet of spray at the front of the iron helps you target deep creases.
3m cord	The 3m cord allows you to stretch the full length of the ironing board.
3100W	With a powerful 3100W at its source, you'll tackle the ironing pile in no time, so you can spend more time focusing on what matters in life.
